

Kit pre-assemblati e pannelli

*Pre-mounted kits, systems
and cabinets*

I nostri componenti possono essere pre-assemblati collaudati e consegnati con un unico codice prodotto, incrementando l'efficienza, facendovi risparmiare tempo e assicurandovi la massima qualità nelle fasi di assemblaggio.

Our components can be pre-assembled, tested and delivered with one only product code. Maintenance time and costs are reduced due to the high reliability of each solution.

Progetti completi chiavi in mano, quadri e pannelli, per fornirvi la soluzione migliore per il controllo della vostra applicazione mediante l'integrazione di componenti elettrici e pneumatici progettati per assicurarvi l'ottimizzazione dell'intero sistema.

Complete turnkey projects, systems and cabinets to give you the best solution for the control of your application through the integration of electrical and pneumatic components.
